Activate ESET LiveGuard Advanced (ESET Dynamic Threat Defense) using EBA in ESET PROTECT

Steef | ESET Nederland - 2022-04-25 - Comments (0) - ESET LiveGuard Advanced

You must buy an ESET LiveGuard Advanced (ESET Dynamic Threat Defense) license before you can activate the service. You will receive your License Key via email.

To activate your ESET security product:

1.Import your ESET LiveGuard Advanced (ESET Dynamic Threat Defense license) in to EBA.

2.ESET PROTECT users: Synchronize ESET PROTECT with your EBA account.

3.Run the activation task with the ESET LiveGuard Advanced (ESET Dynamic Threat Defense) license selected.

After the product is activated, create and assign policies to enable the ESET LiveGuard Advanced (ESET Dynamic Threat Defense).
