Add license for ESET Cloud Office Security

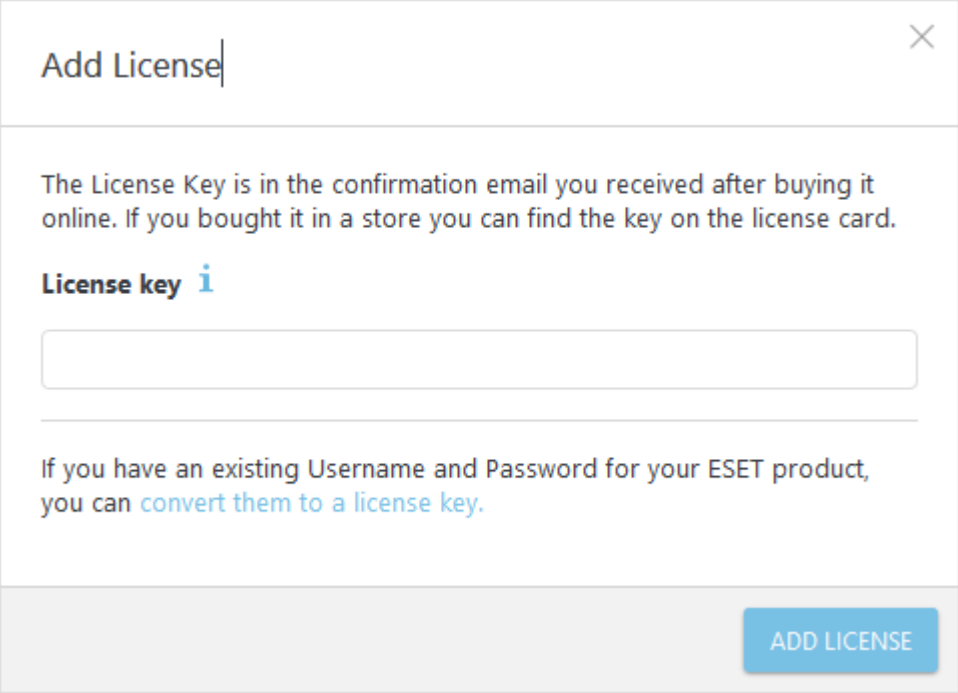

Anish | ESET Nederland - 2020-10-30 - Comments (0) - ESET Cloud Office Security

After a successful login to ESET Business Account , you will see a Welcome screen for ESET Business Account if you are a first-time user.

1. Click Add license to open the license window. If you are a regular ESET Business Account user, go to the License tab and click Add license.

2. Enter your License key and then click Add license.

3. You will receive an email with a verification link. Click the link and enter your ESET Business Account portal login credentials when requested. For more information about license management, users and sites see ESET Business Account guide .
