Add license for ESET Cloud Office Security

Anish | ESET Nederland - 2020-10-30 - Comments (0) - ESET Cloud Office Security

After a successful login to [ESET Business Account](#) , you will see a Welcome screen for ESET Business Account if you are a first-time user.

1. Click Add license to open the license window. If you are a regular ESET Business Account user, go to the License tab and click Add license.

2. Enter your License key and then click Add license.

Add License [X]

The License Key is in the confirmation email you received after buying it online. If you bought it in a store you can find the key on the license card.

License key *i*

If you have an existing Username and Password for your ESET product, you can [convert them to a license key](#).

[ADD LICENSE](#)

3. You will receive an email with a verification link. Click the link and enter your ESET Business Account portal login credentials when requested. For more information about license management, users and sites see [ESET Business Account guide](#) .
