Issue

Schedule client workstations to download virus signature database updates at a specific time from the ESET Remote Administrator Console

Solution

- Open the ESET Remote Administrator Console (ERAC) by clicking Start → All Programs → ESET → ESET Remote Administrator Console → ESET Remote Administrator Console, or by double-clicking the ERAC icon on your desktop.
- 2. Click **Tools** → **Policy Manager**.
- 3. Select the policy you want to modify and click **Edit**.
