A new version has been released

Version 6 of ESET Remote Administrator (ERA) and ESET business products were released in North America December 11th, 2014, and globally February 25th, 2015. This article applies to version 5.x and earlier ESET business products. For information about what's new in the latest version and how to upgrade, see the following article:

[What's new in ESET version 6 business products?](#)

NOTE:

The default interval for frequent internal tasks is 11 minutes.

1. Open the ESET Remote Administrator Console (ERAC) by clicking **Start → All Programs → ESET → ESET Remote Administrator Console → ESET Remote Administrator Console**.
2. **Tools → ESET Configuration Editor**.
3. Expand **Remote Administrator → ERA Server → Settings → Advanced** and then select **Scheduling options for more frequent internal task: Every 11 minutes**.

NOTE:

ERA 4.x users: Expand **ESE**
