Disable macOS update notifications in ESET PROTECT (8.x)

Steef | ESET Nederland - 2021-06-18 - Comments (0) - Legacy

Issue

- Your ESET product notifies you with a yellow or red icon ^A and displays the notification "Operating system is not up to date"
- Disable macOS update notifications using ESET PROTECT

Solution

- 1. <u>Open the ESET PROTECT Web Console</u> in your web browser and log in.
- Click Policies, expand Built-in Policies and click ESET Endpoint for macOS (OS X) and Linux.
- 3. Select the check box next to the policy you want to modify and click **Actions** \rightarrow **Edit**.

 Click Settings → User interface, expand Alerts and notifications and next to Advanced options, click Edit.
