Disable Windows update or Windows Firewall notifications in ESET Endpoint Security and ESET Endpoint Antivirus (6.x) Ondersteuning | ESET Nederland - 2025-03-07 - Comments (0) - Legacy

https://support.eset.com/kb3745

#### Issue

Your ESET product notifies you with a yellow or red icon is and displays the notification "Operating system is not up to date" Disable Windows update notifications using ESET Remote Administrator Disable Windows Security Center alerts Device shows error status "<u>Windows Firewall is not enabled</u>"

### Solution

Mac Users: <u>Click to view instructions</u>

To disable all notifications from Windows, you will need to disable:

<u>Windows Update notifications</u> <u>Windows Security Center alerts</u>

#### Microsoft Windows 10

On Windows 10 machines, it might be necessary to perform a manual update of certain devices or drivers. <u>Click here for</u> <u>more information</u>.

Permissions changes in ESET Remote

administrator 6.5 and later	
Before proceeding, please note important changes to user	
access rights and permissions in the latest versions of ESET	
Remote Administrator.
