Issue

Change the filtering mode of the ESET Firewall
Learn about the [different filtering modes available for the ESET Personal firewall](#)

[Details](#)

Solution

[Explanation of filtering modes](#)

[Change the filtering mode from ESET Remote Administrator](#)

[Change the firewall filtering mode on individual client workstations](#)

[Explanation of filtering modes](#)

[Change the filtering mode from ESET Remote Administrator](#)

If you do not use ESET Remote Administrator to manage your network

[Perform these steps on individual client workstations.](#)

1. Open ESET Remote Administrator Web Console (ERA Web Console) in your web browser and log in. [Open ERA Web Console](#).
2. Click **Admin** → **Policies**.
3. Click the gear wheel icon  next to the policy you want to modify and click **Edit**.

Figure 1-1

4. Expand **Settings**, click **Personal firewall**, select your desired option from from the **Filtering mode** drop-down menu and then click **Finish**.
