Getting started with ESET Inspect Cloud

Mitch | ESET Nederland - 2022-10-24 - Comments (0) - ESET INSPECT (ESET Enterprise Inspector)

Solution

- [System requirements and installation prerequisites](#)
- [Import an eligible ESET Inspect Cloud license into EBA](#)
- [Activate ESET Inspect Cloud using EBA](#)
- [Deploy the ESET Inspect Connector to client computers](#)
- [Add exclusions to ESET Inspect Cloud to client computers](#)
- [ESET Security Services](#)

Existing ESET Inspect Cloud users

If you have already set up ESET Inspect Cloud, [proceed to step 5](#) to add recommended exclusions.

1. System requirements and installation prerequisites

Users without an [ESET Business Account \(EBA\)](#) or [ESET PROTECT Cloud account](#)

New ESET Inspect Cloud users that do not have an EBA, [click here](#) for full instructions to set up and deploy EBA and ESET PROTECT Cloud.

- Verify that your operating systems and browsers are compatible with [ESET PROTECT Cloud](#).
- Verify that all required ports are open and available in [ESET Inspect Cloud](#) and [ESET PROTECT Cloud](#).

2. Import an eligible ESET Inspect Cloud license into EBA

Eligible licenses

Users will need a standalone ESET Inspect Cloud license or an eligible bundle license that includes ESET Inspect Cloud.

- **Business users** - We recommend that you use ESET Business Account (EBA).
- **Managed Service Providers (MSP)** - We recommend using ESET MSP Administrator 2 (EMA 2).

ESET Business Account (EBA)

- [Import your ESET Inspect Cloud license into EBA.](#)

ESET MSP Administrator 2 (EMA 2)

- [Create or request an ESET Inspect Cloud license for EMA 2.](#)

3. Activate ESET Inspect Cloud using EBA or EMA 2

- Business (EBA) users - [Activate ESET Inspect Cloud.](#)
- MSP (EMA 2) - [Activate ESET Inspect Cloud](#)

4. Deploy the ESET Inspect Connector to client computers

- [Deploy the ESET Inspect Connector using the All-in-one installer.](#)
- [Deploy ESET Inspect Connector using a software install task in ESET PROTECT Cloud.](#)

5. Add exclusions to ESET Inspect Cloud on client computers

Adding Exclusions

The exclusions below are recommended. You may also add other exclusions.

- [Migrate exclusions from ESET Inspect on-premises to ESET Inspect Cloud](#)
- [Create exclusions in ESET Inspect and ESET Inspect Cloud](#)

6. ESET Security Services

ESET Security Services for ESET Inspect and ESET Inspect Cloud

ESET offers various [security service packages and additional support](#) for these products. Support for ESET Inspect on-premises and ESET Inspect Cloud is limited and managing rules or exclusions are not included without an ESET Security Service package. Contact a sales representative for further assistance.

For more information about the new features of ESET Inspect Cloud, visit the following [Online Help topic](#).
