How do I uninstall ESET Virtualization Security?

Ondersteuning | ESET Nederland - 2025-03-07 - Comments (0) - ESET Virtual Security

https://support.eset.com/kb5888

I. Deactivate virtual machines in ESET Remote Administrator (ERA)
II. Remove ESET Virtualization Security (EVS)
III. Turn off vAgent Host
IV. Delete virtual machines

I. Deactivate virtual machines in ESET Remote Administrator (ERA)

1. Open ESET Remote Administrator Web Console (ERA Web Console) in your web browser and log in. How do I open ERA Web Console?

2. Click **Computers**, select the group where the applicable virtual machines are located (if you are not sure, select **All**) and select the check box next to **Subgroups**.
