ESET Tech Center

Ivanti Workspace Manager - restart/shutdown inverted

Mitchell | ESET Nederland - 2021-09-27 - Comments (0) - ESET Endpoint Security
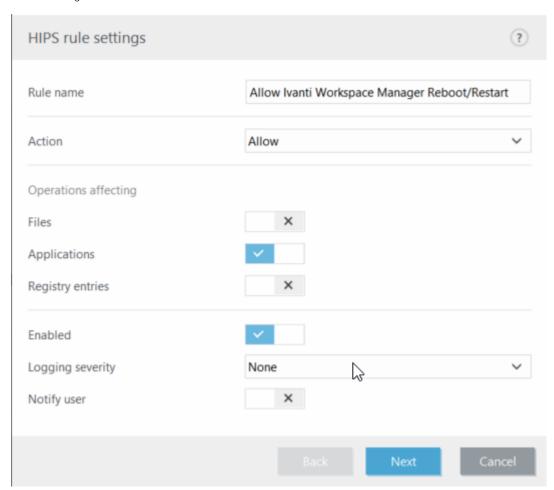

Issue:

If both ESET Endpoint/File Security and Ivanti Workspace Manager are installed it can happen that the restart and shutdown actions are inverted.
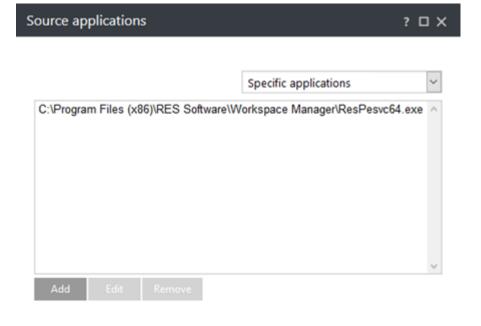

Restart = shutdown
Shutdown = restart

Solution:

Create the following HIPS rule to correct this behavior:

Detection Engine > HIPS > Rules > Edit > Add rule

Source applications

Specific applications ▾

C:\Program Files (x86)\RES Software\Workspace Manager\ResPesvc64.exe

[Add] [Edit] [Remove]

[Back] [Next] [Cancel]

Please keep in mind that paths could be different, for example:

C:\Program Files (x86)\Ivanti\Workspace Control\ResPesvc64.exe
C:\Program Files (x86)\Ivanti\Workspace Control\ResPesvc.exe

Application operations

All application operations	✕
