Opt-out from auto-updates in the latest version of ESET PROTECT and ESET PROTECT Cloud

Steef | ESET Nederland - 2021-12-02 - Comments (0) - ESET PROTECT On-prem

Issue

• Create a new policy to opt-out from auto-updates

Solution

See the ESET business products that support auto-updates.

- 1. Open the ESET PROTECT or ESET PROTECT Cloud Web Console in your web browser and log in.
- 2. Click **Policies** \rightarrow **New policy**.

3. Type a name for the new policy to the **Name** field. The **Description** field is optional.

eser	PROTECT		Computer Name QUICK LINKS V O HELP V Å ADMINISTRATOR	LOGOUT >9 min
		New Policy		
돠		$\underline{}_{\text{Policies}} \ > \ \text{Disable auto updates}$		
▲			Nama	
		Settings	Disable auto updates	
-		Assign	Description	
۲	Policies	Summary		
ŵ			Tags	
8-			Select tags	
_				
E	COLLAPSE		BACK CONTINUE FINISH CANCEL	

4. Click **Settings** and click the grey radio button next to the **Auto-updates**. The radio button will turn blue and the setting will be set by this policy.

6. Select the check boxes next to each static or dynamic group that you want this policy assigned to and click **OK**.

7. Click **Finish** to save your policy. Your policy settings will be applied to the target groups or client computers.
