Ransomware Remediation with ESET XDR

Steef | ESET Nederland - 2024-05-23 - Comments (0) - Video Content

In this exclusive video, our MDR (Managed Detection and Response) engineer takes you inside our ESET Inspect XDR module to showcase the power of ESET PROTECT Platform. Watch in real-time as we demonstrate the effectiveness of our solutions in deflecting a ransomware attack orchestrated by the notorious FreeWorld ransomware.

The scenario was replicated by one of our Security Monitoring Analysts James Rodewald from our Managed Detection and Response (MDR).
