## [RES WORKSPACE MANAGER ] Restarting a machine results in a shutdown after installing ESET Endpoint

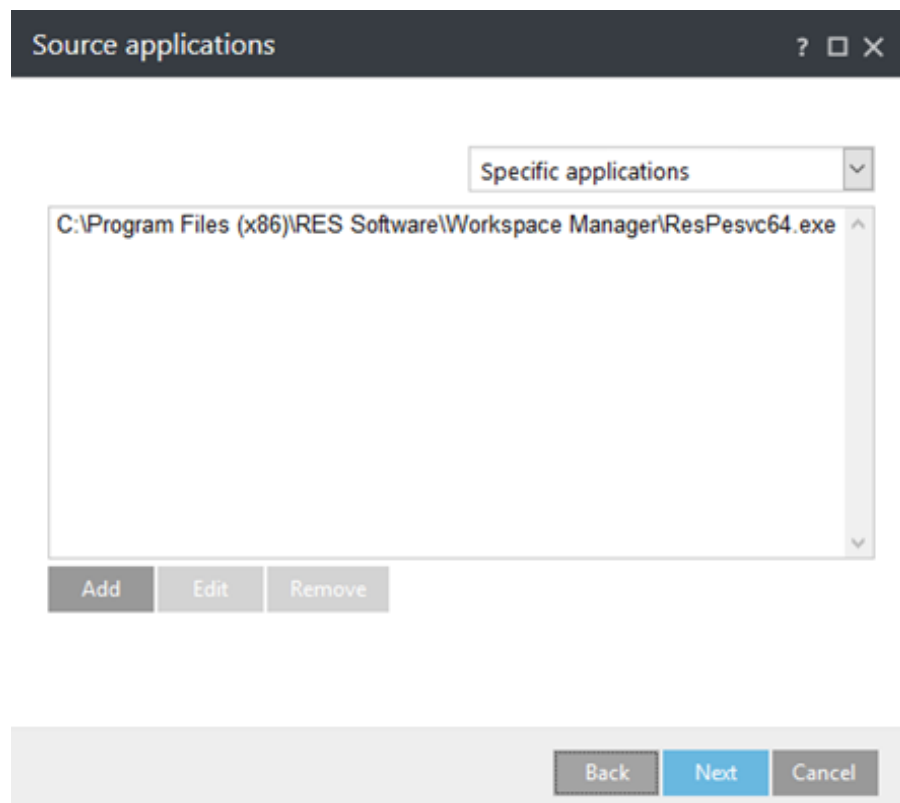

Mitchell | ESET Nederland - 2018-09-10 - [Comments \(0\)](#) - [Endpoint Solutions](#)

### Issue:

After installation of ESET Endpoint on a system with RES Workspace Manager installed, rebooting the machine results in a shutdown.

### Solution:

Create the following HIPS Rule:

Application operations ? □ ×

- All application operations  x

---

- Debug another application  x i
- Intercept events from another application  i
- Terminate/suspend another application  i
- Start new application  i
- Modify state of another application  i

Back Next Cancel

Applications ? □ ×

Specific applications ▼

C:\Windows\explorer.exe  
C:\Windows\System32\svchost.exe  
C:\Windows\System32\winlogon.exe

Add Edit Remove

Back Finish Cancel

After applying this HIPS rule, regular functionality is restored again.
