ESET Bridge BETA (new solution for ESET traffic caching and forwarding)

2022-09-07 - Steef | ESET Nederland - Comments (0) - Technology

For anyone interested in trying ESET Bridge **BETA** (new solution for ESET traffic caching and forwarding), we have good news to share - we have just released it.

To name some of the new features and improvements of the ESET Bridge:

- Integration with ESET PROTECT which will allow users to manage ESET Bridge
- HTTPS traffic caching
- Certificates deployment via ESET PROTECT
- Watchdog functionality
- Crash dump functionality

To find out the details and take part, visit the dedicated BETA forum section at <https://forum.eset.com/topic/33619-eset-bridge-beta-new-solution-for-eset-traffic-caching-and-forwarding/>
