ESET PROTECT Cloud maintenance on January 30, 2023

2023-01-27 - Steef | ESET Nederland - Comments (0) - Customer Advisories

ESET PROTECT Cloud is scheduled for planned maintenance on January 30, 2023, from 10:00 a.m. to 10:20 a.m. CET.

During this timeframe, **the creation of new ESET PROTECT Cloud instances from ESET Business Account / ESET MSP Administrator will not be available for up to 20 minutes**.
Existing ESET PROTECT Cloud instances will not be affected.

The information will be shared through:

- EBA announcement banner
- Status portal
- RSS feed available in ESET Protect Cloud & ESET MSP Administrator
