ESET PROTECT hotfix version 8.1.13.2 has been released (Hotfix)

2021-10-11 - Steef | ESET Nederland - Comments (0) - Servicing release

Release date: October 7, 2021

ESET PROTECT hotfix version 8.1.13.2 has been released and is available to download.

Changelog

The following ESET PROTECT component has been updated:

- Apache HTTP Proxy

This hotfix release provides a newer version of the Apache HTTP Proxy (2.4.48.1). You must upgrade the Apache HTTP Proxy component on ESET PROTECT using one of the two upgrade methods:

- Upgrade Apache HTTP Proxy using the All-in-one installer (Windows)
- Upgrade Apache HTTP Proxy manually (Windows)
