## ESET Secure Authentication - Mobile Application 4.1.54 (Servicing update) has been released

2025-11-12 - Steef | ESET Nederland - Comments (0) - Servicing release

Users are receiving the update in a phased manner: only up to 10% of users received the update on the day of the release and we will gradually increase the percentage up to 100% by Tuesday November 18.

## **Changelog:**

- Fixed: iOS application crash when opening push after migration from application version 3
- Fixed: iOS push authentication request shows Session expired immediately
- Fixed: Android application crash when requesting biometrics

## **Support resources:**

ESET provides support in the form of a fully localized application and Online Help (user guides), online Knowledgebase, and applicable to your region, chat, email, or phone support.
