Pre-release announcement: ESET Endpoint Antivirus/Security 7.0.2100.4

2019-02-06 - Perry | ESET Nederland - Comments (0) - Servicing release

Let me please inform you that we can confirm the technical readiness of both **ESET Endpoint Antivirus** and **ESET Endpoint Security 7.0** and are planning to schedule this hotfix release for **February 7th, 2019**.

Change-log:

- Fixed: When subscription license expires or is cancelled, endpoint stops updating, not reporting license expired status.
- Fixed: Activation fails when endpoint cannot access proxy server even if fallback to direct connection is enabled.
- Fixed: Blocking camera according to vendor, model, serial number does not work.
- Fixed: Version mismatch after uPCU upgrade.
- Fixed: Stop error (BSOD) in HIPS module after system restart when policy-based mode is enabled.
- Added: Custom repository server setting for endpoint.

Known issues:

- None relevant.
