Pre-release announcement: ESET Mail Security for Microsoft Exchange Server 10.0.10016.0 Autoupdate

2023-04-06 - Steef | ESET Nederland - Comments (0) - Releases

I would like to inform you about a scheduled **Auto-update** release for **ESET Mail Security for Microsoft Exchange Server 10.0.**

The release to web/repository done on 28th March will be followed by a first phase of **Auto-update** release (50%) on **12th April**, while the last phase (100%) is scheduled for **25th April**. In order to speed up the process and receive update right after the web/repository release administrators can use "Check for updates" button available in the application GUI.
