Release Announcement: ESET Secure Authentication v3.0.65.0

2023-04-24 - Riccardo Aanen - Comments (0) - Servicing release

Let me inform you that **Monday 24th of April** we will release the new version of **ESET Secure Authentication**, and the new version 3.0.65.0.

Changelog:

- **IMPROVED:** Self-Enrollment QR code has been improved as some customers have experienced issue with scanning of the QR code.
- **FIXED:** Grace period with licensing.
- **FIXED:** Kazakhstan phone number is now being identified correctly.
- **FIXED:** License reactivation related to migration scenarios has been fixed.
- **FIXED:** OWA attachments download problems have been fixed.

Installation package can be found on the [download section of our website](#).
