Release Announcement: ESET Cloud Office Security 86.2 (Teams and SharePoint support)

2021-05-03 - Mitchell | ESET Nederland - Comments (0) - Releases

we have successfully released new major version of ESET Cloud Office Security

Changelog ESET Cloud Office Security 86.2:

•The new Teams & Sites feature provides protection for Team groups or SharePoint sites (you need to update consent to use it)
•New policy settings for Team groups and SharePoint sites
•Change in the Settings section where Show all users was replaced by Microsoft 365 licensed users option
