Release Announcement: ESET Cloud Office Security 86.2 (Teams and SharePoint support)

2021-05-03 - Mitchell | ESET Nederland - Comments (0) - Releases

we have successfully released new major version of ESET Cloud Office Security

Changelog ESET Cloud Office Security 86.2:

- The new [Teams & Sites](#) feature provides protection for Team groups or SharePoint sites (you need to [update consent](#) to use it)
- New policy settings for Team groups and SharePoint sites
- Change in the Settings section where Show all users was replaced by [Microsoft 365 licensed users](#) option
