Release announcement: ESET Cloud Office Security v72.6 (Hotfix)

2021-03-18 - Steef | ESET Nederland - Comments (0) - Servicing release

let me inform you that as of today, 17th of March 2021, we have successfully released **new version of ECOS portal (v72.6)** to both EU and US Data Centers.

Changelog:

- New approved and blocked sender list that allows admin to specify email address or domain that should be blacklisted or whitelisted. This is available for anti-spam policies.
- Number of bugs and small improvements.
