Release announcement: ESET Endpoint Antivirus/Security 7.0.2100.4

2019-02-07 - Perry | ESET Nederland - Comments (0) - Servicing release

This is to inform you that we have successfully published the hotfix release of both **ESET Endpoint Antivirus** and **ESET Endpoint Security 7.0** and the installation binaries are henceforth available online on our global website.

Change-log:

- Fixed: Endpoint does not report expired license status.
- Fixed: Activation fails when endpoint cannot access proxy server.
- Fixed: Unable to block camera according to vendor, model and serial number.
- Fixed: Version mismatch after uPCU upgrade.
- Fixed: Experience a stop error (BSOD) in HIPS module after policy-based mode is enabled and system restart.
- Added: Custom repository server setting for endpoint.

Known issues:

- None relevant.
