## Release Announcement: ESET Endpoint Encryption v5.1.5.38 (hotfix)

2023-05-31 - Steef | ESET Nederland - Comments (0) - Servicing release

### Changelog:

- Improved - Added detection for missing UEFI Microsoft 3rd Party Certificate Authority
- Improved - Updated various outdated links within the user interface
- Fixed - A problem where a metadata error could appear when using the "Automatically start encryption after installation" policy
- Fixed - Fitment issues with EEE Go in French & Polish

### Installation Packages

EEE v5.1.5.38 is now available on our official [download page](#).
