2019-07-11 - Mitchell | ESET Nederland - Comments (0) - Releases

Product: **ESET Endpoint Security for macOS & ESET Endpoint Antivirus Version: 6.7.900.0**
Languages: All

Changelog:

• New: Firewall rules now support VPN network adapters
• Improved: Significant improvements of scanning time for first time scan and for recurrent scan of any file
• Improved: Splash screen is disabled by default
• Fixed: Arbitrary file overwrite vulnerability - which allowed unprivileged user to misuse product and overwrite any system file – we would like to thanks RACK911 Labs for reporting this vulnerability
• Fixed: Installation failed on OS X 10.11
• Fixed: Crashes reported by users
• Fixed: Blocking of VMWare Remote Console with error: "Failed to initialize ssl session to remote host"
• Other minor fixes and optimizations
