## Activate ESET business products using ESET Remote Administrator (6.x)

Ondersteuning | ESET Nederland - 2025-03-07 - [Comments \(0\)](#) - [6.x](#)

<https://support.eset.com/kb3598>

### Issue

---

Activate ESET products installed on your endpoints or server using a task in ESET Remote Administrator

This task can be used to activate all common ESET Remote Administrator components including ESET Shared Local Cache and ESET Mobile Device manager

### Solution

---

#### Prerequisites:

Make sure the [necessary ports are open](#) on your network  
[Deploy the ESET Remote Administrator Agent \(ERA Agent\)](#)  
[Install ESET Endpoint products on client computers](#)  
[Add valid ESET-issued License Keys to License Management in the ERA Web Console](#)

**If you do not use ESET Remote Administrator to manage your network**

[Perform these steps on individual client workstations.](#)

#### Activate ESET products using the ERA Web Console:

## Permissions changes in ESET Remote administrator 6.5 and later

Before proceeding, please note important changes to user access rights and permissions in the latest versions of ESET Remote Administrator.

[View Permissions Changes](#)

A user must have the following permissions for each affected object:

<i>Functionality</i>	<i>Read</i>	<i>Use</i>	<i>Write</i>
Groups & Computers	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

A user must have the following permissions for their home group:

<i>Functionality</i>	<i>Read</i>	<i>Use</i>	<i>Write</i>
Product Activation (under Client Tasks)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Once these permissions are in place, follow the steps below.

1. Open ESET Remote Administrator Web Console (ERA Web Console) in your web browser and log in. [How do I open ERA Web Console?](#)
2. Click **Admin**  → **Client Tasks** → **All Tasks** → **ESET Security Product** → **Product Activation** and click **New**.

**Figure 1-1**

**Click the image to view larger in new window**

3. Type a task name into the **Name** field.

**Figure 1-2**

**Click the image to view larger in new window**

4. Expand the **Settings** section and click **<Choose ESET License>**.

**Figure 1-3**

**Click the image to view larger in new window**

5. Select a valid license from the repository and click **OK**. [Click here for instructions to add licenses in ESET Remote Administrator.](#)

**NOTE:**

Product Activation Task is not possible to execute on mobile devices (**ESET Endpoint for Android** and **MDM for iOS**) with [offline license](#).

**Figure 1-4**

**Click the image to view larger in new window**

6. Click **Finish**.

**ESET Remote Administrator version 6.2.11 and earlier:**

Adding targets is done during task creation (for example, after adding a new task and giving it a **Name**, click **Target** to add groups or clients to the task).

7. [Create a trigger and add target computers or groups to execute your Product Activation task.](#)
8. To check the status of the task, click the appropriate task name and select **Show Details** from the context menu.

**Figure 1-5**

**Click the image to view larger in new window**

9. Click the **Executions** tab and verify the status of your task in the **Status** column.

**Click the image to view larger in new window**

---

## Activate ESET products on individual client computers:

Typically, ESET Endpoint products are activated during installation. To activate your product after installation, follow the steps below:

1. Open ESET Endpoint Security or ESET Endpoint Antivirus. [How do I open my ESET product?](#)
2. Click **Activate product** in the main program window (alternatively, you can click **Update** → **Activate product**, or **Help And Support** → **Activate product**).

**Figure 2-1**

**Click the image to view larger in new window**

3. Enter your ESET-issued License Key into the **License Key** field and click **Activate**.

### Where is my license key?

Your License Key was sent to you in an email after you purchased your ESET license.

- If you only have your ESET-issued Username and Password, you can [use our online converter to get your License Key](#).
- If you need to have your license information resent to you, [recover it here](#).

**Figure 2-2**

4. After a successful activation, click **Done**.
