Disable the Personal Firewall in ESET Endpoint Security (6.x) Ondersteuning | ESET Nederland - 2017-12-05 - Comments (0) - Legacy

https://support.eset.com/kb3716

#### Issue

You need to disable the ESET Firewall for troubleshooting purposes

### Solution

# Disabling the Firewall can expose you to threats

Unless you have been instructed by ESET technical support to disable the Firewall, we recommend that you leave the Firewall enabled.

If you do not use ESET Remote Administrator to manage your network

Perform these steps on individual client workstations.

#### In ESET Remote Administrator

# Permissions changes in ESET Remote administrator 6.5 and later

Before proceeding, please note important changes to user access rights and permissions in the latest versions of ESET

Rem	ote Administrator.
