Release announcement - ESET PROTECT 8.0.17.1 (Hotfix)

2020-12-17 - Steef | ESET Nederland - Comments (0) - Servicing update

Dear partners,

We want to confirm the successful release of the hotfix for ESET PROTECT 8.0.

We are bringing only a few bug-fixes. The most notable problem removed is the inability to log into the Web Console after the upgrade to ESET PROTECT 8.0 when a username or password contains special characters.

Changelog

- FIXED: Unable to log into the Web Console after the upgrade when a username or password contains special characters

Note: If this problem has already affected the customer, we recommend following these instructions: <https://support.eset.com/en/news7771>

Product: ESET PROTECT
