ESET Tech Center

Create a new policy in ESET Remote Administrator (6.x)

Ondersteuning | ESET Nederland - 2017-12-04 - Reacties (0) - 6.x

https://support.eset.com/kb3594

Issue

Create a policy using the ESET Remote Administrator Web Console (ERA Web Console)

Assign a policy to a group

Solution

Create a new policy and assign it to a group

Permissions changes in ESET Remote administrator 6.5 and later

Before proceeding, please note important changes to user access rights and permissions in the latest versions of ESET Remote Administrator.

View Permissions Changes

A user must have the following permissions for their home group:

Functionality	*Read*	*Use*	*Write*
Policies	✓	✓	✓
Groups & Computers	✓	✓	✓

Once these permissions are in place, follow the steps below.

1. Open ESET Remote Administrator Web Console (ERA Web Console) in your web browser and log in. How do I open ERA Web Console?
2. Click **Admin** → **Policies**.
3. Click **Policies** → **New**.

Click the image to view larger in new window

5. Expand **Settings**. Select the product you want this policy applied to from the **Select product** drop-down menu. In this example, we will create a rule for **ESET Security Product for Windows**.
6. In the tree on the left, select the category of rule you want to set. In this example, a **User Interface** rule will be created.
7. In the center pane, configure your rule. In this example, we will disable **Show splash-screen at startup**.

8. Expand **Assign** and click **Assign**.

Figure 1-4

9. Select the check box(es) next to the static or dynamic group(s) you want this policy assigned to and click **OK**.

Figure 1-5

10. Click **Finish** to save your policy. Your policy settings will be applied to the target groups or client computers.

To see what policies are assigned to a particular group, click **Computers**, click the cog wheel  next to the group, and then select **Manage Policies** from the drop-down menu.
