Issue

Adjust the number of days or months that ESET Remote Administrator retains Firewall, Events, and other logs

Solution

1. Open the ESET Remote Administrator Console (ERAC) by clicking **Start → All Programs → ESET → ESET Remote Administrator Console → ESET Remote Administrator Console**.

2. Click **Tools → Server Options**.

3. Click the **Advanced** tab → **Edit Advanced Settings**.

Figure 1-1

4. Expand **Remote Administrator → ERA Server → Settings → Server maintenance → Time interval cleanup**.

5. Expand the log cleanup settings that you want to modify (**Events logs cleanup**, in this example), select **Delete Event logs older than (base value)** and then type the number of days or months you want into the **Value**field.

6. Select **Delete Event logs base value** and select **Days** or **Month**s from the **Value** drop-down menu.

7. Click **Console** → **Yes** to save your changes.
