Disable macOS update notifications in ESET PROTECT (8.x)

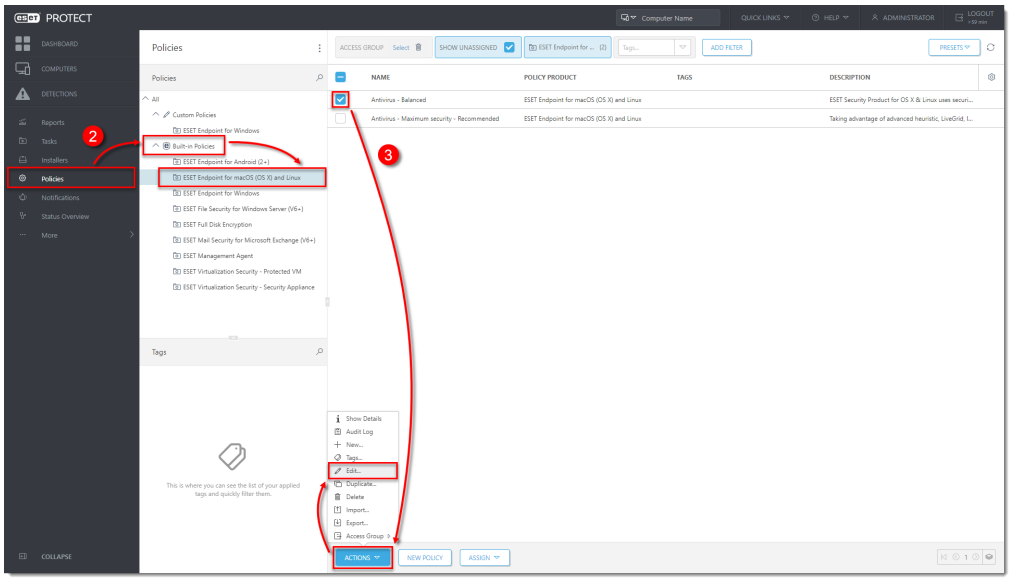
Steef | ESET Nederland - 2021-06-18 - Reacties (0) - Legacy

Issue

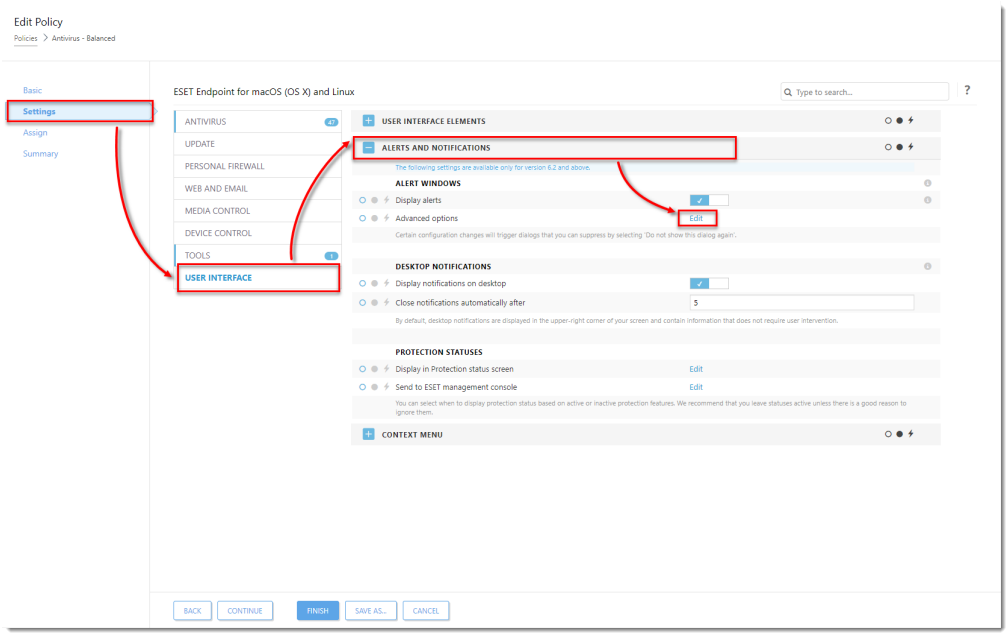
- Your ESET product notifies you with a yellow or red icon and displays the notification "Operating system is not up to date"
- Disable macOS update notifications using ESET PROTECT

Solution

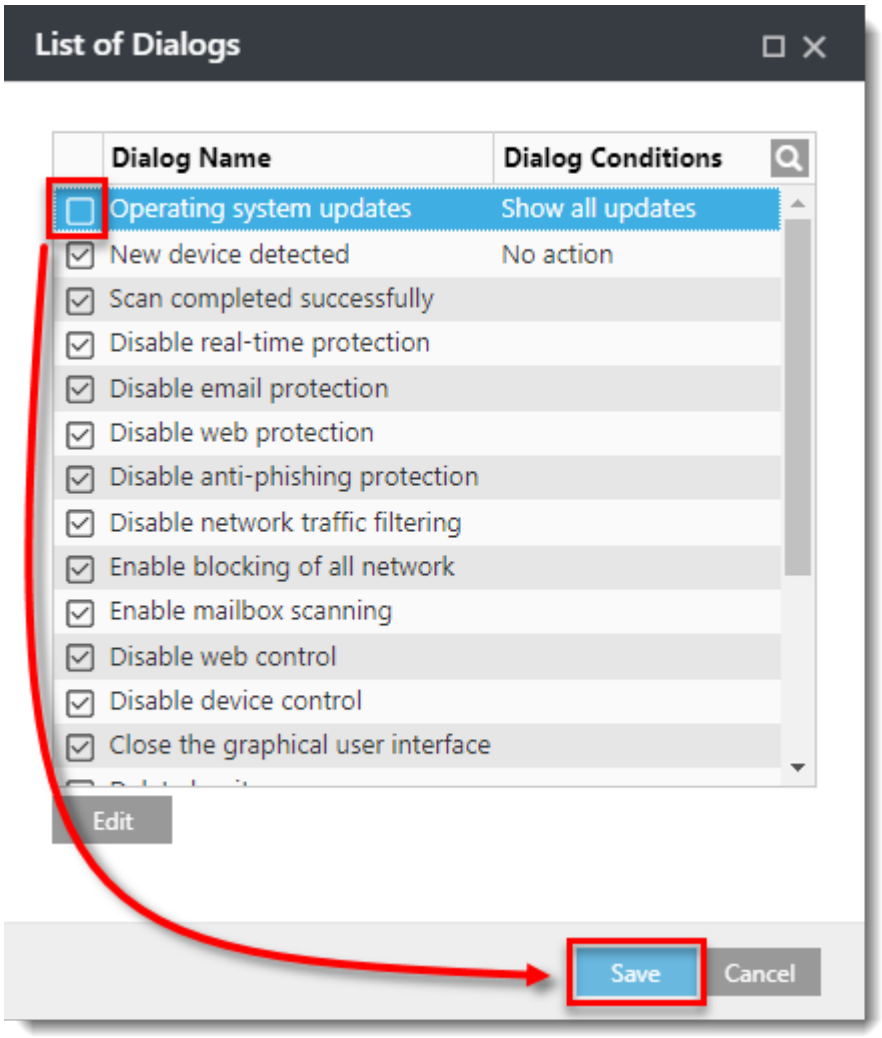
1. Open the ESET PROTECT Web Console in your web browser and log in.
2. Click **Policies**, expand **Built-in Policies** and click **ESET Endpoint for macOS (OS X) and Linux**.
3. Select the check box next to the policy you want to modify and click **Actions → Edit**.



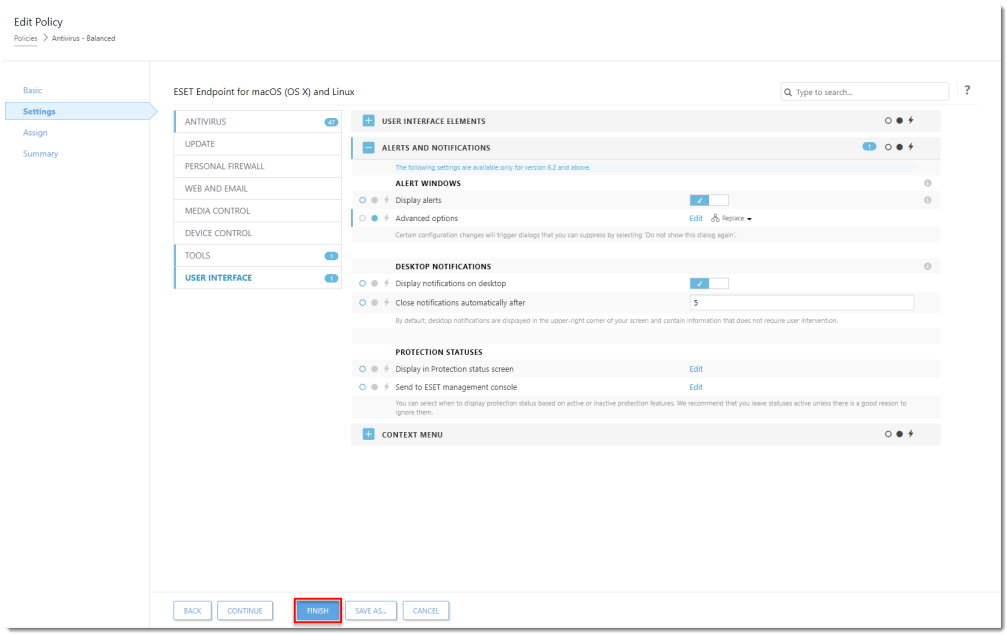
4. Click **Settings → User interface**, expand **Alerts and notifications** and next to **Advanced options**, click **Edit**.



5. In the **Dialog Name** column, deselect the check box next to **Operating system updates** and click **Save**.



6. Click **Finish**. The policy will apply to computers a



ssigned to this policy.
