## ESET Cloud Office Security Overview

Steef | ESET Nederland - 2021-04-26 - [Comments \(0\)](#) - [Video Content](#)

This video gives an overview of the features available in ESET Cloud Office Security (ECOS). ECOS is a new cloud-based security product that provides advanced preventative protection for Microsoft 365 applications.

This video guides you through the following topics:

- Activate ESET Cloud Office Security (ECOS)
- Add a tenant to ECOS
- Dashboard overview and Spam filtering
- Users overview
- Detections overview
- Quarantine overview
- Policies overview
- Detection logging
- License management
- Multitenancy
