### Steps to disable Fast Start-up

The following process applies to Windows 8.0, 8.1 and 10.

Access the Windows Power Options by:...

Either opening the **Control Panel** and selecting **Power Options**

or press **Win + X**, then clicking **Power Options**

On the left hand side, click **Choose what the power button does**

Click **Change settings that are currently unavailable**

Towards the bottom of the page, uncheck the **Turn on fast start-up (recommended)** option

Click **Save Changes**
