What does that GLE error code mean?

Ondersteuning | ESET Nederland - 2025-03-07 - Reacties (0) - Legacy ESET Remote Administrator (6.x / 5.x / 4.x)

Installing an ESET client solution with ESET Remote Administrator (ERA) Console can occasionally generate a GLE error. To find the meaning of any GLE error number, follow the steps below:

1. Open a command prompt by clicking **Start → Run**. Type **cmd** and click **OK**.

2. At the command prompt, type: **net helpmsg [error_number]**

   Example: net helpmsg 55

   Result: The specified network resource or device is no longer available.
