Microsoft Windows MultiPoint Server 2012

ESET File Security for Microsoft Windows Server has been specifically designed to run on servers. For more information, see the following article:

Why should I upgrade to ESET File Security for Microsoft Windows Server?

ESET NOD32 Antivirus Business Edition and ESET Smart Security Business Edition are designed for use on workstations. However, the Business Edition products are being replaced by ESET Endpoint Security and ESET Endpoint Antivirus for workstation installations. For more information on these products, see the Knowledgebase article below:

ESET Endpoint Security and ESET Endpoint Antivirus - FAQ
