ESET Secure Authentication On-Prem version 3.1.5.0 servicing update

2026-01-07 - Steef | ESET Nederland - Reacties (0) - Hotfix

A servicing update of ESET Secure Authentication On-Prem Version 3.1.5.0 has been released and is available to download.

Changelog

- Improved: RADIUS auto-registration is disabled for unknown users - to prevent flooding console with potential illegitimate users when RADIUS client type is misconfigured
- Improved: Local time column added alongside UTC time into reports export
- Improved: References to ESET Business Account and ESET MSP Administrator now also include new license management portal ESET PROTECT Hub
- Improved: Button name updated to "Add account" in provisioning email to align with new mobile app version
- Fixed: Copyright year updated to 2026
