Pre-Release announcement for ESET Virtualization Security 1.7.1 for VMware NSX | ESET partner center

2018-09-26 - Anish | ESET Nederland - Reacties (0) - Releases

We would like to announce, that we've received a certification approval by VMware and we're going to release ESET Virtualization Security 1.7.1 for NSX. The focus of this release was to be compatible with the newest version of VMware stack, especially vSphere 6.7 (ESXi & vCenter 6.7) as well as NSX 6.4.1+.

Other than that we've fixed multiple bug and issues.

Compatibility:

- vSphere vSphere 6.0, 6.5, 6.7
- NSX Manager 6.3.x or 6.4.x
- ESET Remote Administrator 6.5+

Product: ESET Virtualization Security for VMware NSX
Version: 1.7.1
